

Testimonials

As a result of this conference we now have a treasure trove of information and source material for our future planning and a beginning of relationships with travel personnel and companies that will continue to develop along with our programs. What a wealth of ideas and opportunities! We were totally spoiled! - Paul Tapp, Director of Alumni Relations, East Texas Baptist University

I was very impressed with the conference and I came out of it with a lot of great ideas. This will impact our University by attracting new tour participants due to the unique offerings found at AlumniTravel. I look forward to attending again in Little Rock! - Greg Scharer, Director of Alumni Campus, Relations & Advocacy, Ohio University
